To

Her Highness the Maharanw vaniviLas
Sannudhana & I E Regent of Mysore

May it please your Highness

I (M Sudersanachar) late Head Master of H H the Maharanw girls school Mysore, most respectfully and humbly beg to approach your Highness with the following prayers ——

The Maharanw girls school was establis hed in january 1881 and the then managing committee apponted me as head master of the Institution I continued in the same capacity till the middle of 1884 There was in the Commence-ment of the school an averse opinion to the female educaton among the natives which I surmounted by my exertions and labours. In proof of my statement I beg to enclose an orginal letter (no 1) as one of the several instances On a perusal of the other enclosures it will be evident that I spared no pains in promoting the education of the girls and increasin the strength of the Institution Immediately after the school was brought to an efficent condition, i e in the middle of the 4th year of my incumbancy all on a sudden, for no reason whatever another man was apponted as Head

Master in my stead In spite of this sad disappointmen I continued to work on as an assistant master with as great zeal and devotion as before till the end

of

of November 1891 with future hopes But at the end of hard Service of 11 years a service approved of vide annual Reports of 1881 to 1884 (herein enclosed as No 4) I was summarily thrown out of employ on the plea of bringing in female teachers whereas no such female teachers were appointed other than 4 of my Senior pupils but on the other hand many of my fellow teachers were retained and recently in June last Some new hands were added to the staff all from the male sex. My application dated 21st November 1891 for my retention in the school addressed to the Committee did not even elicit a reply. As regards my qualifications I need not say anything but only refer to paras 4 & 8 of my printed application herein enclosed. I beg to enclose herein endorsements (nos 5-6-7 and 8) from several officers but all to no effect whatever for they are no replies to my prayer

At last an order was issued in Government Proceedings No C 280-95 dated 17th February 1892. Under which 4 teachers were given bonus and the remaining ten masters of whom I (the petitioner) who occupied the 1st place were recommended for reemployment to all the Heads of Government and to all Deputy Commissioners with a request to provide them with vacancies as they occur

A second Proceedings No 6332-41/1469 Pol 3rd November 92 was issued to the effect that I should be

provided with an appointment the pay of which would range between Rs 25 & 30 though I was actually drawing Rs 42 in your Highness Girls' school At last the Deputy Commissioner conferred upon me a temporary post of Muzray clerk on Rs 20 at Hassan a strange land far away from Mysore

1st I beg to submit that the 1st Proceedr referred to above contemplated that I should be provided with a permanent post of equal pay to that of my former appointment in consideration of my hard services

2nd My services were dispensed with 4 years ago, neither was I granted any gratuity along with the others nor was any permanent appointment bestowed upon me worth my former pay What should be the state and miserable sufferings from poverty of one who has been subjected to in a city like Mysore to maintain a large family- which your Highness's considerate and benevolent nature can easily perceive What the Deputy Commissioner has done is no more than that of giving a temporary post of Rs 20 as Muzroy clerk a post the service of which does not count towards pension Here I have to pay as house rent of Rs 4 The net pay of Rs 16 would not cover my family expenses and there is no hope of clearing away the debts incurred for the last 4 years for my maintenance.

The services of the male teachers were dispensed with on the plea of making room for female teachers only, but all the present teachers are not females for excepting a few

the whole staff of teachers are even now males numbering 25

Lastly I am sufficiently old verging upon 51 years What I request of your Highnes's benevolence is that I may be restored my place of teachership in the Maharam's girls school or I may be given a fair pension by which I may lead a peaceful life during the remainder of my lifetime

For which act of benevolence I shall as in duty bound ever pray for your Highness long life and prosperity

Mysore
Dated 8th october

I beg to remain with utmost
respect and esteem your Highnes.

Conduct in School

A few months after the School was starte he was appointed Head Master and continued as such for 3 years During this time he worked very conscientiously and successfully In addition to his teaching and managing work he did the whole of the office work himself In July 1884 when the standard of the School was raised it was thought necessary to introduce a graduate as Head Master and Sudersanachar was consequently placed in charge of the class below the highest Since then

he continued to be in charge of one of the Middle School classes and gave satisfaction in his teaching work and also helped in the office work — whenever required He knows Kanarese English and Sanskrit and his handwriting is good In the present advanced condition of the School he would do very well as a teacher in the lower classes, but as his pay was considered too high for a teacher in a lower class and as he had the experience of clerical work it was thought advisable to retire him from the School and recommend him to Government for some suitable appointment in a Government office.

Enclosure No 1 of

To,

The President and Members of the Committee of the
MahaRanis Girls School
Mysore

Ladies and Gentlemen,

Being one of the teachers of the Maha Ranis Girls School served with a notice that my services will not be required at this school longer than the 22nd November (1891) next I beg leave to humbly approach you with a hope that the following circumstances connected with my case may move you to kindly be tow special consideration to my case

2 The school was started in the early part of 1881 and the then managing committee after considerable search fixed upon humble me as the fittest person to carry through the novel experiment of female education At that time I had engaged in partnership with the late Bommaiya in mercantile transactions from which I was induced to retire by the late Mr A R Narayana Sastrior the then Hon Secretary who made me very encouraging promise but there is very little use dwelling upon them as that gentleman has passed away

3 The Ladies and Gentlemen of the Committee can well realise the difficulties I had to contend with in the way of overcoming the long rooted prejudice against famale education by orthodox members of the Hindu Community and the following extracts will show the uniform appreciation of the several notables who visited the institution during my incumbency as Head Master from July 1881 to June 1884

* vide annual Report of 81 Page 2 para 3

4 Extract from Mr W A Porter's Remarks —[8th October 1881] — His Highness the Maharaja visited this morning and was accompanied by the Dewan and myself The * The two highest classes were examined in Arithmetic Geography and reading The pronunciation highest classes of English words being particularly good They showed an accurate acquaintance with the were ex map of India and their arithmetic was remarkably good His Highness was very much my class satisfied with the whole appearance of the school and with the progress already made. Mast The school reflects the greatest credit on the teachers

5 Extract from the annual report of the members of the managing Committee — 1881 There are 8 classes The girls of the first class have learnt 100 stanzas in Kanarese Poetry, Nalacharitra and 120 pages in Kathasangraha They have finished Royal Reader No 1 Their knowledge of Arithmetic extends to the Division of Vulgar Fractions They know the Geography of Europe and Asia generally and that of India in particular In these subjects they were examined in January by three of the members of the committee and showed a good knowledge of the subjects studied The other classes also underwent examination The progress made by them has been declared to be satisfactory The members of the Committee frequently visit the school and superintend the instruction We wish to place on record our appreciation of the work done by the teachers who have worked with zeal and energy The Headmaster Mr Sudersanachar deserves special mention

Extract from the annual report of the members of the managing Committee — 1882 Two new subjects were introduced into the higher classes during the year under report namely Hygiene and sanskrit The highest class have made very satisfactory progress in these two subjects Mr. K. Ramaswami Iyengar M A examined the first three classes in Hygiene very minutely most of the pupils secured very high marks It is a very great satisfaction to us to find they have a clear knowledge of what pure air pure water and pure food are Mr. Parameswara Iyer B A Assistant Professer Presidency College. Madras

examined them in Sanskrit And expressed surprise at the rapid progress made in such a short period They secured very good marks, some of them getting the maximum, In the other subjects they were examined by the following gentlemen,—

Mr, A Narasima engar R B
" L Anantaswami Rao, B A
" A R Narayana Sastri,
" R Venkatramaiya, B A
Mr K Ramaswamaienger, M A
" H Nanjundaiya, B A B L
" S Rangacharlu

7 It was the unanimous opinion of the examiners that the girls had made very satisfactory progress and answered with intelligence and accuracy In kanares composition, the highest class did exceedingly well, several expressing their thoughts in idiomatic kanarase with great facility The school continues to be conducted chiefly by native male teachers assisted by two female teachers We wish to place on record our appreciation of the work done by our staff of teachers They have worked with great devotion and energy Sudersanachar, Head Master deserves special mention * * *

8 Extract from the remarks of the Lord Bishop of Madras — 7th October 1883 "This morning accompanied by Mr Porter and my chaplain Rev W W Elwes, I spent an hour at the Maharani's Girls' school Mr Narsimmaiengar, who had invited me to visit it, conducted us through all the classes, We spent a few minutes with each There was a steady rise in the classes as regards both the subjects taught and the knowledge acquired, showing an admirable system of teaching well carried out The questions asked whether in the meaning of sanskrit words or of English or in Grammar or Geography were all answered with remarkable readiness and nearly always correctly Care and ability in teaching seemed to be united here with intelligence and cheerfulness in learning" * * * *

9 Extract from the annual report of the members of the Committee —1883 "The number on the rolls is 210 This is the highest number that we have ever had for an institution of this kind The annual examination of the school was kindly conducted by Mr W A Porter M A and Mr V N Narasimiyengar Mr P N, Krishnamurti B L Mr Purnaiya B A Mr Rangaswami Iyengar B A B L, Mr E Chidambaram Iyser Mr M C Leonard B A and other gentlemen of the station The results sent in by them are highly satisfactory * The ~~The~~ School continues to be conducted chiefly by native male teachers All the teachers have worked with great zeal and energy The good work done by the Head master Mr Sudersanachariar, deserves special mention"
* * *

Extract from the speech of his Excellency the Dewan —1884 "Ladies and Gentlemen, His Highness the Maharaja asks me to say that it is a source of great pleasure to him to be able to preside on this occasion You are aware that His Highness has always watched the progress of this school with very great interest It is therefore especially gratifying to him to find that the results achieved during the past year, in themselves so highly satisfactory, are infinitely more so because the promise they give of a bright future

The difficult experiment of female education having proved a comparative success and the reputation of the school and the number of pupils on the roll having increased from day to day, the idea was conceived in 1884 of amplifying the establishment and a graduate was first appointed Occupying therefore a secondary position I continued to perform my duties with unabated zeal and willingness, and in order to the efficient carrying on of my duties, had myself to undergo professional instruction when Hygiene was added to the curriculum of the school Up to date not even a whisper of slander has been said about my private moral character, or any fault found with my duties in school

2 You will thus see that I was the first to start the school, to contend with the initiatory difficulties of an unique nature to devote the best years of my life to bring the school to a rising condition, My service in the school extends to over 10 years and all this service has been

more than once pronounced efficient I am now 47 years of age and I fear it is too late in the day for me to engage in any active pursuits It is perhaps shewing my discontent if I mention that persons who have been appointed teachers long after my entertainment have been retained and my case summarily treated As it is possible that my past labours in the starting and efficient continuance of the school have not been brought to your notice in detail, I have humbly taken the liberty to represent my case as above hoping that some consideration may be kindly shewn to my case and my retention in the school may be ordered as at present

For which act of justice I shall as in duty bound ever pray

I beg to remain,
